

## Low Intensity Strobes

Part No. 6220A-2

Part No. 6400A-1

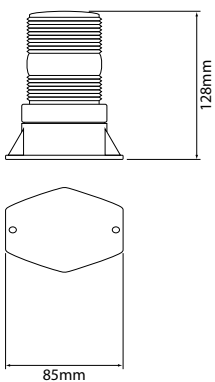

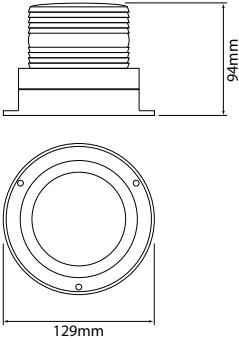

Vision Alert offers a budget range of strobe safety beacons designed for the fork lift industry.

Available in high and low profile this range is recommended for use in light duty applications and have an operating voltage of 12-80 volts DC.

The high profile model features an epoxy filled base providing excellent protection against vibration, dust and moisture.
