Design
45W
Ballast***

N45 HID Worklamp - Booster

- Latest design 45W ballast for greater light output over standard N45 HID worklamp range.
- **Extreme** duty anti-vibration mounting system.
- Heavy duty 5000 hour 45W D1S Xenon discharge bulb.
- Low current draw - 2.0A @ 24V.
- Light can be changed from vertical to pendant mount with a lens rotation.
- Over voltage, over temp, spike & polarity protected.
- Environmentally sealed compact cast alloy body - IP68.
- Deutsch DT series 2 pin connector on fly lead.
- Gore™ membrane vent installed.
- Polarity protected ballast encapsulated in body.
- Free-Form optics for superior light dispersion.

N45 HID Worklamp

- Heavy duty 5000 hour 35W D1S Xenon discharge bulb.
- Heavy duty anti-vibration mounting system.
- Low current draw - 1.7A @ 24V.
- Light can be changed from vertical to pendant mount with a lens rotation.
- Over voltage, over temp, spike & polarity protected.
- Environmentally sealed compact cast alloy body - IP68.
- Deutsch DT series 2 pin connector on fly lead.
- Gore™ membrane vent installed.
- Polarity protected ballast encapsulated in body.
- Free-Form optics for superior light dispersion.

N25 LEDX Worklamp

**+ 30%
output**

- Advanced electronics & lens design boosts light output by 30% over the standard N25 LED range without increasing current draw.
- Latest heavy duty LED technology with a life-span of up to 50,000 hours.
- 6000 K colour temperature, whiter than daylight, for reduced eye strain and increased safety.
- Extreme shock resistance - 60G.
- Ultra low current draw - 0.7A @ 24V.
- Deutsch DT series 2 pin connector on fly lead.
- Over voltage, over temp, spike & polarity protected.
- Heavy duty anti-vibration mounting system.
- Environmentally sealed compact cast alloy body - IP68.
- 12-80V operation.

Wide Flood:

981-013

N220 LED Worklamp

- Latest LED technology with a life-span of up to 50,000 hours.
- 5500 K colour temperature, equal to daylight, for reduced eye strain and increased safety.
- Extreme shock resistance - 60G.
- Low current draw 2.2A @ 24V.
- Deutsch DT series 2 pin connector encapsulated in lamp body.
- Over voltage, over temp, spike & polarity protected.
- Latest heavy duty LED technology.
- Heavy duty anti-vibration mounting system.
- All components sealed within cast alloy body - IP68.
